Subject: Information for Albert Kelly on Montana Superfund Sites

Hi, Betsy, Sandy, and Bill:

Attached is a summary of status for Albert Kelly for Montana sites. He said that he is briefing Administrator Pruitt tomorrow for his meeting with Senator Daines on Wednesday. He asked for information today for all Montana sites on the status, deletion date, and whether there is a PRP. I don't have good numbers on what type of funding might be needed, so I did not include that information. Please take a look and let me know if you are okay with sending him this info. He has already sent another message asking for this (sorry I've been in meetings all day).

Thank you,

Joe
